Billing Information
Out-of-network Provider

Out-of-network Insurance Billing Process:

The procedure is simple and will be of low out-of-pocket cost to you. You simply need to call my claims management company, Advanced Billing Services. Please ask for Ms. April Schmitt and provide her with your insurance information. She will do the inquiry for you and find out if you have out-of-network coverage, if so, we can proceed.

Ms. Schmitt will then find out (1) the amount of your deductible; if you have met your deductible and/or how much is remaining (2) the reimbursement amount for my services, and (3) the allotted number of sessions covered per year.

- If your insurance provides 100% reimbursement amount, you are responsible for only the co-pay (if there is one) and the deductable. I will take care of submitting the claims for you and keeping the billing records.

- If your insurance company reimburses a certain percentage, then you are only responsible for the remaining (or scaled) amount--which includes your copay.

- For example, my fee is $150.00. If your policy covers $100.00 then you are only responsible for the remaining $50.00; part of this remaining amount is your co-pay.

I will handle all of the insurance paperwork and provide you with a record of services at the end of each month.

Please let me know if you have any questions at all. I look forward to working with you.
